

DISCIPLINARY PERMISSION FORM

We hope spanking will not be necessary and will be used as a last resort. Any time that we do have to administer a spanking to your child, there will always be at least one witness present. Mr. Walker or Pastor Walker will administer spankings to male students. Mrs. Walker or a female teacher will administer any spankings to female students. We will notify one parent if the need to spank your child occurs. If neither parent can be located, then the spanking will be administered. Notification to the parent is only a courtesy on our part.

I hereby give Oak Level Baptist Academy permission to spank my child or I will be available to come to the school and do so if called.
